HIGH RISE

ELEVATE YOUR PLOWING SKILLS

Kolpin's heaviest-duty plow systems have been designed to do what most ATV/UTV plows can't.

The High Rise name is appropriate for this system as its dual-pivoting, articulated frame, allows for impressive blade lift height. Plus, stacking snow and pulling On/Off of trailers is easy.

Our mid-mount under chassis design allows for maximum plowing strength and increased traction.

- Retrofits to Cycle Country blades & mounts

UTV - 34-0000

HIGH RISE POWER ANGLE
